

# Complementary Imaging Demo

Image It Corporation would like to take your document filing and storage to the next level. Just mail, fax, or e-mail this Imaging Inquiry Form to us and *receive up to 100 pages of complementary document imaging* services from Image It. With this imaging demo you can expect the same full-service quality we give to all our customers. This demo of our imaging capabilities will begin with a brief presentation of our services and how our customizable services can benefit your business. Together after we understand your operation we will take your documents back to our production and process it with our quality services. After we Prep, Process, OCR, and Backup your data we'll present it all on a CD with our powerful search client software. You can also expect your documents to be returned in the same state as we received them and of course at time of delivery we'll give you a tour of our search software with your newly imaged documents as the data base content. This is our commitment and we would be honored if you give us a try.
